The Skilling Circles of Afghanistan strives to give our customers the best fair-wage pricing. However, local product availability and rising costs as well as global exchange rates lead to revised costing from season to season. We also wish to state that we are well aware that despite the choices in the fair trade global market, you singled us out. It means your purchase has contributed to our artisans' food security and a new health care centre, ensuring their overall well-being and the sustainability of their craft. Thank you from the bottom of our hearts!
